## The Pair of ACEs

	Adverse Childhood Experiences	
Adverse Community Environments		
	m we're trying to solve?	
What would heali	ng look like?	

What changes are needed?

- Program:
- Practice:
- Policy:

Who should be at the table?

## **Community Resilience**

Equitable and trauma-informed systems and supports
What community strengths can we draw upon (e.g. social networks)?
What assets are in place (e.g. systems and supports)?
What would our community look like with opportunities that foster hope, equity and resilience?
Who should be at the table?
What indicators would help measure positive change and success?
